

# Kindergarten- STEAM Choice Board

<p>Build a nest of sticks.</p> 	<p>Help make a recipe and bake it with an adult helper. How did it “change” in the oven?</p> 	<p><a href="https://thestemlaboratory.com/kindergarten-stem-activities/">https://thestemlaboratory.com/kindergarten-stem-activities/</a> Choose an experiment to do.</p> 
<p>Design and build a boat of Legos or recyclables. How long does it float? Will it hold passengers?</p>	<p>Go outside and look at the clouds. What shapes do you see? Are the clouds all the same? Describe what you see to an adult.</p>	<p><a href="https://www.scarymommy.com/astronauts-story-time-in-space-kids-books/">https://www.scarymommy.com/astronauts-story-time-in-space-kids-books/</a> (Watch astronauts reading stories from space)</p> 
<p>Build a tall building using recyclables. Add details like windows.</p> 	<p>Create 6 different patterns using Legos or colored jelly beans. Can you make an AB pattern? ABC? AABC?</p>	<p>Take a 25 minute walk outside. Every 5 minutes pay attention to noticing things with each of your five different senses. What new things did you discover?</p>
